

THE ANIMALS GET MY VOTE

Politicians and Election Candidates: Your attitude towards animals and commitment to bringing animal cruelty to an end in Ireland will be a major factor in my voting decision

	<p>A BAN ON FOXHUNTING (Protection for foxes from being terrorised by foxhunters, chased to exhaustion and cruelly ripped apart by packs of hounds)</p>	
	<p>A BAN ON HARE COURSING (No more netting hares or cruel coursing. Coursing results in terrified hares suffering horrific injuries and deaths when mauled by greyhounds)</p>	
	<p>A BAN ON CARTED DEERHUNTING (An end to the terrorisation of tame deer with packs of hounds. A cruel blood sport that leaves deer exhausted, injured and sometimes dead)</p>	
	<p>A BAN ON HARE HUNTING (Protection for the Irish Hare. An end to the cruel chasing and killing of hares with packs of dogs. The dogs "totally demolish" the hare at the end)</p>	
	<p>A BAN ON DIGGING OUT & APPALLING TERRIERWORK (Digging out foxes and using terriers to attack them is extremely cruel and must be outlawed)</p>	
	<p>A BAN ON FERRETING (Ferrets sent underground by hunters viciously attack defenceless rabbits. Some rabbits are blinded when ferrets bite into their eyes)</p>	
	<p>A BAN ON MINK HUNTING (A blood sport that's not only cruel to mink but also results in huge disturbances to protected otters inhabiting the same rivers)</p>	
	<p>AN END TO BADGER SNARING (An estimated 50,000 badgers have been cruelly snared and killed by the Dept of Agriculture as part of a condemned TB Eradication scheme)</p>
